Benjamin Harrison initiated the crusade to fly a United States flag at school and was the first president to lead a group in the recitation of the Pledge of Allegiance to the flag, so I chose to represent these two events with two crossed flags on the coin. I chose to make it a one-cent coin because Benjamin Harrison was the "Cent"ennial President. We fly a flag every day in our home school, both inside and outside, and include the Pledge of Allegiance at our home school, scouting, and sporting events. It is an honor to have a president of the United States from our great state of Indiana.
